regarding dealer direct service

Most of the major U.S. music merchandise wholesalers carry the standard Shubb capo, and many carry an assortment of our other models and products.

Since we do not require our distributors to carry our entire line, some of our products or models may not be in their catalogs. If you are unable to obtain any of these products from your favorite distributor, we offer dealer direct service in order to supplement and support our wholesalers.

Various other products not listed here are **still available**, including:

- special models of capos, such as radius banjo capos, S3V for larger necks, gold plated 5th string capos, and other custom capos. These are now considered special order items, so please inquire for pricing and availability.

Logo clothing items

Because of our costs on logo clothing items, only a small dealer discount is available.

Please check our website or call to determine

	suggested list	wholesale
